FARM ANIMAL FLIP BOOK

Name: _____

Horses

- Horses walk, trot, canter, and gallop.
- Horses live 20 to 25 years.
- Horses are used to pull and carry things.

Name Match

foal	stallion
------	----------

1. A _____ is a **male** horse.

2. A _____ is a **baby** horse.

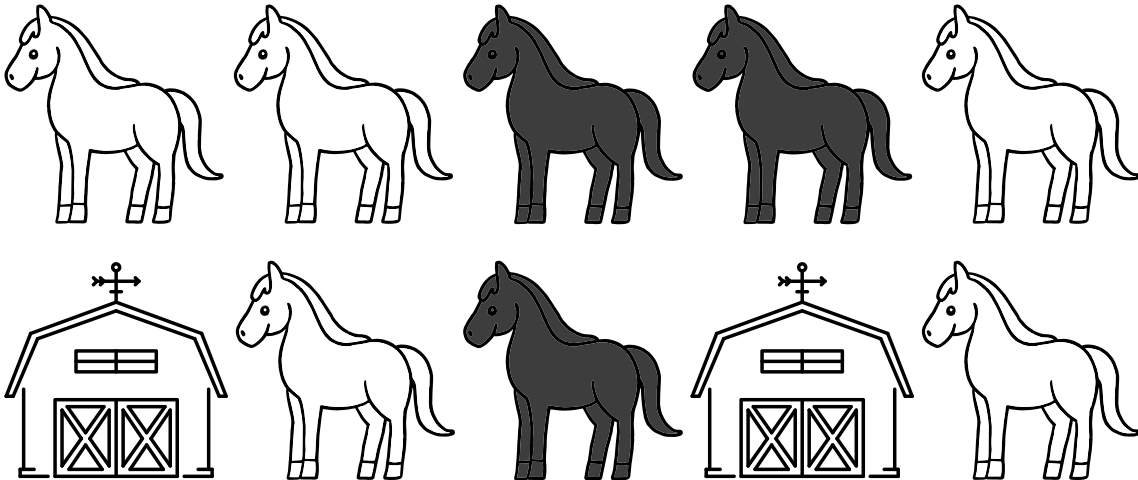

All of these animals and products are part of agriculture. Agriculture is everywhere, from the soil we walk on to the food we eat. Farmers take care of the crops and animals we use.

Farm animals are important. They give us products that help us grow. Without pigs we wouldn't have bacon. Dairy cows give us milk. Beef cows give us hamburger. Horses are still used in farming in some places. Without poultry we wouldn't have eggs.

Farm Animals and Agriculture

Horse Patterns

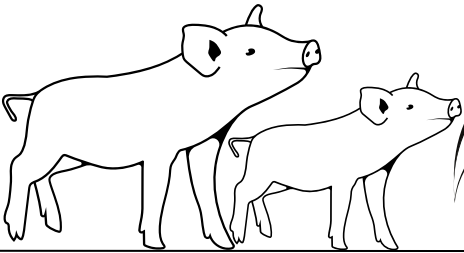

Cut and glue the next horse in the pattern

HORSES

Pigs

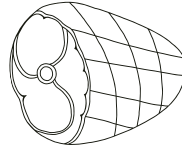

- Meat from a pig is called pork.
- Ham, bacon and pork chops come from pigs.
- Pork is the most popular meat in the world.

We say...

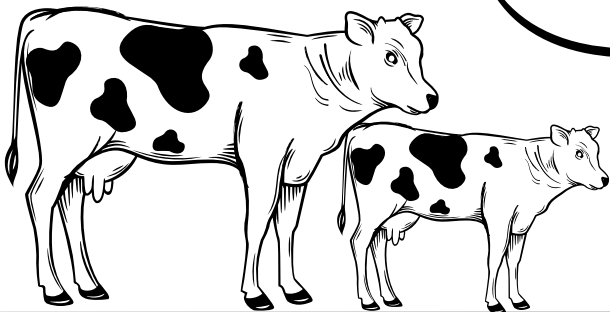

Pork Products

Cut and glue words labeling each product.

Dairy Cattle

- Dairy cattle are cows that produce milk.
- Cows are milked 2 to 3 times every day.
- One cow makes 6 gallons of milk in one day.
- We get yogurt, cheese, and ice cream from milk.

We say...

Dairy Products
