WELCOME TO THE AGTIVITY BOOKLET! In this booklet, you will learn all about transportation and agriculture!

TRANSPORTATION IS EVERYWHERE

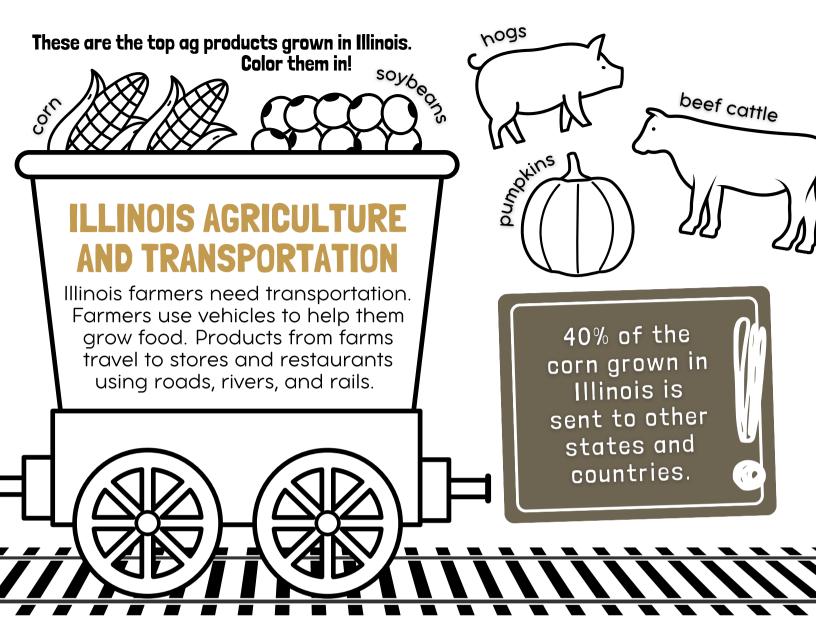

Transportation is how we move people or things from place to place. Transportation is really important. Without it, we could not travel around or buy things in stores or visit friends and family who live far away.

Illinois has more than 2,000 miles of interstate roads, 1,100 miles of waterways, and 8,000 miles of railroads!

How have you used transportation this week?

ROADS, RIVERS, AND RAILS SAFETY

On Illinois roads, you might see some of these safety signs. Be careful, there might be farmers at work or food on its way to you!

Farm Vehicles on the Road

Slow-Moving Vehicle

Railroad Crossing

Narrow Bridge Ahead
